BLACKHAWK®

T-11 TRANSMISSION JACK

Finest, lowest-cost hydraulic transmission jack—built to
Blackhawk's high standards of quality and performance.

* Price subject to change without notice.

✓ Check and compare all these **MORE-FOR-YOUR-MONEY** *Features!*

✓ **New TK-320 All-Make Adaptor** with adjustable corner brackets to handle all the new transmissions, including '61-5 and '61-10 Hydramatics, '61 Ford "Minimum Tunnel" and Two-Speed Automatic, and '61 Buick Special Automatic. (Special adaptor available for Pontiac Tempest trans-axle, TK-321 at \$15.00*.)

✓ **Floating Tilt** formerly available only on more expensive Blackhawk T-Jacks — for easy removal and installation of any car or light truck transmission.

✓ **Forward, Back and Side Tilt** — can be tilted in any direction for pinpoint positioning, safe installation. Tilts 45° forward, 12° back, and 10° sideways to clear obstacles.

✓ **Blackhawk high-quality construction** throughout for trouble-free performance.

✓ **750 lb. Capacity**

✓ **Lowers to 5½ inches** for clearing frames when removing transmissions and converters.

✓ **Creeper-type wheels** for easy positioning.
